

Angels by Caydn Baldwin

[Chorus]

I thank God for angels who save men like me

I thank God for miracles that come in my time of need

[Verse]

My family's dying, I've been praying

I need you Lord, oh, I need you please

I step outside, your Spirit guiding

Your angels come to a humble man like me

[Chorus]

[Interlude]

He was so much more than just an angel, giving so much more than just a miracle

No drop of blood ever as valuable, no life ever as irreplaceable

No empty tomb ever as memorable, no extra chance ever as capable

No recompense ever as celestial, no sacrifice ever as personal to me

[Chorus]

[Outro]

I thank God for His eternal love, repentance and letting me strive

I thank God for sacrifice, like His Only Begotten Son, Jesus Christ
