

***Be Strong, Stay True, Have Faith, Go and Do* by Elder Baldwin**

[Verse]

I heard a song from a friend who learned it from her dad
The melody is a testimony of the life that we could have
The chords echo heaven's mysteries, I remember it like that
God's love extends to all including me right where I'm at

[Verse]

The lyrics bring us to our knees in more than just one way
They let us talk to God and strive to be better each day
Our spirits soar, our memories roar at the words we used to say
In the cherished life lessons we learned as we bowed our heads to pray

[Pre-Chorus]

It goes like this:

[Chorus]

You gotta be strong, you gotta stay true, have faith and go and do
You gotta be strong, you gotta stay true, have faith and go and do
You gotta be strong, stay true, have faith, go and do

[Interlude]

Jesus Christ was strong and so are you
Jesus Christ was true and you are too
Jesus Christ had faith and so do you
Like Jesus Christ you can go and do

[Chorus]
